Dear James:

I am hastening to answer, and send your card back, and enclose \$10.00. You still did not tell me if your were working, but I guess you must be doing something. Will you have any trouble getting them to let you go when the training season starts?

We are planning to go to camp the last week of March, or the 1st of April. We ~~have~~ not decided definitely yet where we will train, but I think it will be Richmond. I will let you know in time.

I hope you are felling as good as you say. The team should be pretty good. Dandridge and Wells have both promised to stay. Davis Pearson, Harvey, Hooker, Hoobgood, Stone are all in 4F and Watkins is still in 3A with his big family. I do hope the team will start right in winning, because that is the only way you can draw.

Let me know if you receive this money, as I am sending it this way so you wont have any trouble getting it cashed.

Ver Truly Yours
